

## CORE COMPETENCIES

### Bid and paperwork desk for builders

- Federal bid and job paperwork for small builders and trades: bid screens, sources sought answers, proposals, capability statements, certified payroll, safety plan drafts, pay apps and closeout papers.
- Bid screens with a go or no-go reason, and compliance checklists for every requirement in a solicitation.
- Drafts only: the builder sets its prices, signs and submits.

### Parts and supplies for government buyers

- Small purchases of industrial parts, starting with gaskets and packing (FSC 5330), valves (FSC 4820) and hose (FSC 4720).
- The exact part from the approved maker or its authorized distributor, with the paper trail before we quote.
- Each order received, checked, packed and labeled to the order's military packaging requirements.

## DIFFERENTIATORS

- Service-disabled veteran-owned: owned and run by a U.S. Marine Corps veteran and former supply chief.
- Flat fees for builders, never tied to winning. Builders keep control: they price, sign and submit.
- Public bid papers only, and never two clients on the same bid.

## COMPANY DATA

### Legal name

1ProSource, LLC

### Entity

Arizona LLC, formed 2020

### UEI

Y6U7UX7TC7B7

### CAGE

8TLD8

### SAM.gov

Active

### Certifications

SBA-certified SDVOSB and VOSB, through Sept 2, 2027

### Area

The Phoenix area, and day trips across Arizona
